

2018 Physics of Life Workshop

An interdisciplinary summer experience for high school science teachers

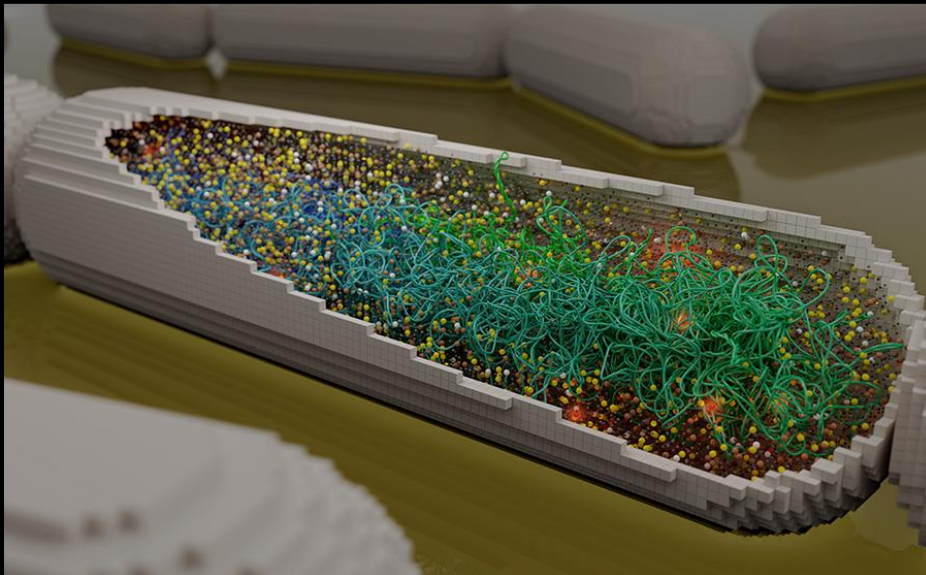

Workshop dates are July 2nd, 3rd, 5th, & 6th in the Loomis Laboratory of Physics on the UIUC campus. You will receive a \$1,000 stipend, CPDUs, mileage reimbursement, parking, & meals. Come learn about the latest research in biophysics, spend time tinkering in the lab, then work with other scientists and educators to develop lesson ideas for your own classroom!

Apply online: <https://my.physics.illinois.edu/submit/go.asp?id=1265>

Questions: email denos@illinois.edu

Modeling The Whole Cell

Exploring The Physics of DNA
